## PRODUCT BULLETIN

### **NEW ROADKING TRUCK WHEELS WITH NANO-TECH SURFACE TREATMENT**

Mullins Wheels is proud to release a new 8.25 x 22.5 10/285 ISO Truck Wheels with **NANO-TECH SURFACE TREATMENT**

**NANO-TECH** is a new surface treatment which will help keep your new alloy truck wheels looking shiny & great.

**NANO-TECH** will enable you to spend less time washing and polishing your truck wheels, at the end of a long working week.

The hi-polished finish will stay looking great for longer because **NANO-TECH** will repel dirt, road grime & pollutants that cause your wheels to discolour.

#### WHY FIT ROADKING **NANO-TECH** FORGED ALLOY TRUCK WHEELS:

- Forged Alloy is stronger than Steel
- Forged Alloy is lighter than Steel
- More resistant to corrosion & road grime
- Less cleaning time / down time
- Alloy wheels run cooler than steel
- Helps extend your tyre life & brake life
- Two Year Pro-Rata Warranty

#### **Part No: 716-28210285INT**

**8.25 x 22.5 10/285 Max Load: 3650 kg  
AVAILABLE NOW FROM MULLINS WHEELS**

#### **EASY MAINTENANCE IN MINUTES**

- Step 1: Let your wheels cool down  
Step 2: Pre-rinse to remove abrasives  
Step 3: Clean with a mild detergent  
Step 5: Rinse thoroughly and dry

**THEN RELAX OR HIT THE ROAD AGAIN**
