NEW 16X8 P25 STEEL WHEELS

Mullins Wheels has added a new 16x8 steel wheel specification to their impressive range, avail in White and Black paint finish.

The two new wheels have a 6/139.7 bolt pattern and will suit a multitude of popular vehicle applications, including ...

- Great Wall
- Colorado
- Rodeo - 2003 Onwards
- Isuzu D-Max
- Mitsubishi Challenger
- Mitsubishi Pajero - 2000 to 2007
- Mitsubishi Triton - 2006 Onwards
- Toyota Hilux - All IFS models 2005 On

360-680P25-67W WHITE AND 360-680P25-67B BLACK

MINE SPEC NOTE: ALL CSA 16" STEELS ARE MINE SPEC

Note: Mullins have also upgraded all of their CSA 16" Ranger White & Black Steel Wheels, including these two new part numbers, so that they are now rated with a Maximum Wheel Load suitable for mine specified vehicle applications.

Note: Vehicle operators must legally ensure that maximum axle load capacities are not exceeded
