MULLINS WHEELS – CSA RANGER STEEL WHEELS

Mullins Wheels are proud to release 9 new part numbers to the already extensive CSA Ranger Steel Wheel range.

The new 16x8, 17x7 & 17x8 Ranger Steel Wheels extend the Ranger Steel Wheel range to suit a multitude of popular vehicle applications, including;

Amarok, Mazda BT50, Ford Ranger, Toyota Hilux, and Nissan NP300 Navara, Nissan D40 Navara RX (Thai-built model) & Nissan D40 Navara (Spanish-built model), & various other models (refer to pg. 2).

The new CSA Ranger Steel Wheels are rated with a maximum wheel load suitable for mine specified vehicle applications.

These new products carry the high quality assurance consistently delivered by Mullins Wheels.

Note: Vehicle operators must legally ensure that maximum axle load capacities are not exceeded.
